# Coptis<sup>TM</sup> Ingredients

## ▶ 시장 공급자와 함께 당사의 협력 활용

Coptis사는 화장품 원료 제조업체와 독특한 파트너십을 만들었습니다: Coptis Ingredients는 수천가지의 화장품 원료가 저장된 데이터베이스로서 연간 구독을 통해 온라인으로 사용할 수 있습니다.

당사는 화장품(예상되는 연구, 기술 제품 확대를 위한 방법, 기술 정보 연구 등) 개발에 반드시 필요한 다양한 정보를 고객에게 제공하기 위해 세계적인 원료 공급자와 지속적인 관계를 유지하고 있습니다.

데이터 집중화 및 표준화를 통해 빠르고 쉽게 처리할 수 있습니다.

**원료 공급자의 소식을 계속 기대해 주십시오: 시장 및 시장 동향에서 최신 제품을 찾아 보십시오!**

### 주요 개념

- 100% 화장품 정보 데이터베이스
- 약 15,000개의 원료
- 1,000개의 새 원료/연
- 20,000개 이상의 기술 파일이 포함된 라이브러리
- 50개의 여러 검색 조건
- 매년 3회 검증 및 업데이트되는 정보

**VOLAREST FL (CRODA)**  
Information request **CRODA**

**Descriptive synopsis**  
Product type: Rheologic additive  
Properties: viscosity increasing / delivery agent  
Applications / concepts: haircare, lotions, skincare, sprays, emulsions, haircare

**Description**  
Enhance the consumer experience of your brand by introducing aqueous-based cosmetic formulations.  
Volarest FL is a truly unique polymer providing benefit. Volarest FL delivers controlled, targeted delivery from excite the user and the weightless suspension of emollient.  
Create novel, elegant and visually-appealing cosmetics with Functional benefits:  
• Provides controlled, targeted delivery from sprayable to  
• Delivers the luxury of a cream in a spray format  
• Creates novel textures for the consumer with desirable  
• Boosts unique suspension and flow properties  
• Excellent electrolyte tolerance  
• Effective pH adjustment performance  
• An easy-to-use, cold processable liquid  
• Chinese INCI approved.

**Nature / Origin**  
Chemical nature: polymer  
Origin: chemical synthesis

**Regulation**  
EU INCI name: ACRYLATE, BEHENETH-25 METHACRYLATE COPOLYMERS  
USA INCI name: ACRYLATES/BEHENETH-25 METHACRYLATE COPOLYMER  
Restrictions: Europe: authorized contact cosme, USA: authorized contact cosme

**Regulation**  
EU INCI name: AQUA, BUTYLENE GLYCOL, SODIUM CHLORIDE, HYDROLYZED CARRAGEENAN, XANTHAN GUM  
USA INCI name: WATER, BUTYLENE GLYCOL, SODIUM CHLORIDE, HYDROLYZED CARRAGEENAN, XANTHAN GUM  
Specifications / Conditions of use: Appearance: clear liquid to opq, Color: yellow, pH: 3.0 - 8.0, Dry matter (15 hours - 105°C): 2.00 - 4.00

**SLIM-EXCESS (BASF)**  
Information request **BASF**  
The Chemical Company

**Descriptive synopsis**  
Product type: Active  
Properties: slimming agent / firming agent / lipogenesis modulating / lipolytic / anti-cellulitic  
Applications / concepts: slimming products body face  
Product information: [1845-0367 DOSS\\_EN.pdf](#)

**Description**  
Slim-Excess: Demonstrated reshaping efficacy on face and body. Beauty Creations has developed a reshaping active ingredient and body. Inspired by studies conducted in the field of abnormally high concentrations in obese subjects have been Slim-Excess is a disaccharide-molecular trap, specific, effective than caffeine.

**Nature / Origin**  
Chemical nature: natural extract  
Origin: natural marine (plant)  
Details of origin: Red seaweed hydrolyzate  
Chemical nature / Composition: Sulfo-carbohydrate solution

**Regulation**  
EU INCI name: AQUA, BUTYLENE GLYCOL, SODIUM CHLORIDE, HYDROLYZED CARRAGEENAN, XANTHAN GUM  
USA INCI name: WATER, BUTYLENE GLYCOL, SODIUM CHLORIDE, HYDROLYZED CARRAGEENAN, XANTHAN GUM  
Specifications / Conditions of use: Appearance: clear liquid to opq, Color: yellow, pH: 3.0 - 8.0, Dry matter (15 hours - 105°C): 2.00 - 4.00

### ▶ 공급자의 정보 (주소, 사업활동, 웹사이트) 액세스 및 원료 의 쉬운 비교.

### ▶ 한 번 클릭으로 공급자에 연락 이메일에 의한 자동화된 정보 및/또는 샘플 요청.

**DOW CORNING CE-7080 SMART STYLE**  
Information request **DOW CORNING**

**Descriptive synopsis**  
Product type: Emulsifier, Polymer  
Properties: Nonionic, color retention, improve wet combing, improve dry combing, frizz control, hair restoring, smoothing agent, film forming / conditioning, curl retention  
Applications / concepts: styling gels / foams [100N-001\\_Silicone\\_Mousse.pdf](#), conditioners (hair) / leave-on products [100N-001\\_Leave-In\\_Conditioner.pdf](#), creams / damaged hair [100N-001\\_Damage\\_Recovery\\_Paper\\_Cover.pdf](#)  
Product information: [100N-001 DOSS\\_EN.pdf](#)

**Description**  
Dow Corning CE-7080 Smart Style has a unique cross linked structure and amine functionality that provides conditioning and styling. It has been designed for leave-in conditioners and hair styling applications such as mousses, hair sprays, creams and gels. Provides excellent styling properties such as curl retention, curl memory and definition. It also provides conditioning benefits such as dry combing and smoothness. Additionally, it provides better flexible hold and minimal residue feel on hair.

**Nature / Origin**  
Nature: silicone  
Origin: chemical synthesis

**Regulation**  
EU INCI name: SILICONE QUATERNUM-16/GLYCIDIOXY DIMETHICONE CROSSPOLYMER  
USA INCI name: SILICONE QUATERNUM-16/GLYCIDIOXY DIMETHICONE CROSSPOLYMER  
Conditions of use: Recommended use levels for styling products and rinseoff are 4-8% (1-2 % silicone product is compatible with many common cosmetic)

**Beauty & Personal Care Solutions**  
Condition with Style  
Dow Corning® CE-7080 Smart Style

**INC1 Name**  
Silicone Quaternum-16/Glycidioxy Dimethicone Crosspolymer (and) Undeceth-11 (and) Undeceth-5

**Stylish Benefits**  
• Adds bounce, hold and flexibility  
• Defines curls  
• Makes hair feel smoother and easier to comb  
• Helps control frizz

**High-value Applications**  
• Leave-in conditioners  
• Mousses  
• Combing creams  
• Curl creams  
• Styling gels, creams and sprays

**the stylish look and smooth feel they desire, while simplifying their hair care routines.**

**Formulate Products That Meet Today's Consumer Needs**  
Dow Corning® CE-7080 Smart Style combines styling benefits like curl definition, bounce and flexible hold with excellent aesthetics for hair that is smoother, less frizzy and easier to comb through.  
Use it to create wave-in conditioners, styling creams and curl creams, along with mousses and other styling jobs.

**Satisfy consumer desires for hair conditioning, style and convenience ... rolled into one**  
Innovation goes heavy with Dow Corning® CE-7080 Smart Style - the new amine silicone elastomer emulsion that combines conditioning and styling benefits in a single product.  
Beautifully styled hair isn't just for Special Occasions  
Today's consumers want to look their best every day. But with today's busy lifestyles, they have less time than ever to spend on complicated styling regimens, so they're constantly looking for products that will give their hair
